Target Audience
This activity has been designed to meet the educational needs of physicians, physician assistants, nurse practitioners, registered nurses, pharmacists, nutritionists, social workers and case managers involved in the care of patients with HIV. It is also designed to inform case workers, social workers, and secondary services providers who work in non-medical fields of care of patients with HIV.

Statement of Need/Program Overview
This program includes a didactic overview of the currently available information on the Affordable Care Act implementation in the state of Pennsylvania, including the insurance exchange and status of the Pennsylvania Medicaid Program and their projected effects on the delivery of HIV care. The program will include presentations by experts on the current landscape as well as an interactive discussion and skill building strategies for clinicians in their practices and with their HIV patients. It will also cover advocacy opportunities in the state.
Educational Objectives
After completing this activity, the participant should be better able to:
- Discuss the coming/ongoing changes in their respective states including what these changes will mean for their practices and patients.
- Implement practice management strategies to retain and best serve their current HIV patient panels subsequent to the state's implementation of the ACA, and new systems coverage, referral, and delivery of care.
- Utilize tools and resources to educate HIV patients on the ACA changes, including to how to go about selecting the best coverage options for them within the new state systems to ensure adequate coverage for necessary medical care and treatment.
- Employ practice management strategies to integrate provider practices with the new state systems to economically and systemically adjust to changes in the financing, reporting and networks of care under these systems.
- Explain how Ryan White services can wrap around these systems of care including how HIV providers can adhere to HRSA requirements for the provision of these services.
- Provide accurate and appropriate counsel as part of the treatment team.
- Provide appropriate care and counsel for patients and their families.

Physician Continuing Education
Accreditation Statement
This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of the Annenberg Center for Health Sciences at Eisenhower and the American Academy of HIV Medicine.
